Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • • •	THINKS • • •
PERSONA NAME <i>(Role / User Type)</i>	
DOES • • •	FEELS • • •

EMPATHY MAP

SAYS: What crop should I plant this season?

THINKS: I need to maximize my yield without exhausting the soil.

DOES: Relies on traditional guesswork and local advice.

FEELS: Anxious about unpredictable climate changes and market prices.
